## Other Considerations:

- **International Health Insurance:** We request that people going on the trip will contact their own health insurance carrier. We expect that each person going will look into his or her options for international travel.
- **Health Immunizations:** We are requesting that each group of individual contact their personal medical staff since they will want to know that you are traveling. These medical staff will also know the local medical resources for determining which shots you will need for this trip based upon where in the Western Diocese you will be traveling.
- **Passport:** Please make sure that your passport is up to date and will not be expiring within six months of the departure time (July 5). If you do not have a passport or it will be expiring, contact the Post Office or Library in your area for information on how to obtain a passport.
