

Mission & Ministry in Action

- **The Joint Parish of Faith Lutheran Church, Rosholt and North New Hope Lutheran Church, Amherst Junction WI Celebrates the 25th Anniversary of the ELCA!**

On September 8th 2013, the Joint Parish of Faith Lutheran Church and North New Hope Lutheran Church participated with nearly 4 million of their brothers and sisters in celebration of 25 years of the Evangelical Lutheran Church in America. It was on this day the body of Christ from Faith Lutheran Church got to work in BEING church at the Portage County Fairgrounds with some cleanup after the big Labor Day festivities from the previous weekend. Likewise, North New Hope helped forge and clear the path from the Central Wisconsin Environmental Station campus to the site of the church's parsonage that burned down in 1945, now used for the education of students. It was truly a wonderful venture for these congregations to show they truly are the living Body of Christ in God's Work, Our Hands.
