

Good News Outreach Story . . . God's Work. Our Hands.

St. Paul Lutheran Church in Neenah has been a part of the Clearwater Community Garden Project in Neenah since the summer of 2011. St. Paul has produced literally TONS of food that have been given away to local food pantries such as Community Table, Double Portion, the Fox Valley Warming Shelter and St. Joseph's Food Pantry. In addition, volunteers Greg Scovronski and Pete Peterson have also been a consistent serving presence at the garden site which is located behind the Neenah Police Station on Byrd Street helping other gardeners with problems, assisting in setting up water barrels, and living out the call to be a good neighbor!

Here are our **Community Garden** totals for 2013:
