

About Us...

Women of the ELCA East Central Synod Wisconsin Synodical Women's Organization

All women who are members of an ELCA church are automatically part of the Women of the ELCA. You may participate in a Bible study such as those from the *Gather* magazine or online at boldcafe.org or make quilts or Lutheran World Relief Kits or collect or distribute food and other items to meet local needs. Your congregation may have an umbrella organization or it may not. Women may attend conference level (such as Spring Events) or synod level (annual fall retreat or biennial convention) events and engage in global issues such as the effort to end human trafficking or support the Photovoltaic (PV) Cells for Phebe Lutheran Hospital in Liberia Project.

At the synod level, our focus for 2016-2017 will be on acting boldly on social issues, in particular human trafficking and healthy lifestyles, by improving communication and being invitational. You are invited to be part of these efforts!

Every three years, women from all over North America come together for the Women of the ELCA Triennial Gathering. The 2017 Triennial will be in Minneapolis July 13 – 16. It is not always this close, so we hope many women from our area will attend and be inspired by the wonderful speakers, world class music, and beautiful worship with thousands of their sisters in Christ.

At whatever level you are able to take part, we welcome you! For more information about Women of the ELCA, contact Shirley Paulson at spaulson1949@gmail.com or go to welca.org.
